To Whom It May Concern:

The Shoreline School District's Aldercrest Annex site in our neighborhood (2545N.E. 200th St., also known as the Grace Cole Education Complex or Old Kellogg) is being proposed as one of the potential sites for a new jail complex to house 640-bed misdemeanor inmates.

This site in Shoreline is absolutely NOT appropriate to build a jail facility, because:

1. This site is located in the most residential area among all 6 proposed sites and is immediately adjacent to residential areas.
2. Many schools are located in less than 1 mile radius, i.e. Wonderland Development Center, Discovery School, Living Wisdom School, Lake Forest Park Elementary, Lake Forest Park Montessori School, Whizz Kids Academy, etc. Not to mention daycares & after-school programs.
3. Few steps across the street, Brugger's Bog Park is the only park (very small) in the area where kids and pets can access and play.
4. Residents and children need this site for recreational activities.
5. Safety concerns, dramatically increased traffic on residential streets, sirens, noise....
6. Stormwater from the Aldercrest site drains into a small tributary to Lyon Creek that already experiences occasional flooding directly adjacent to the campus property.
7. At the corner of 200th and at 25th will be Community center where will be organized certain activities for the members and their children, and for our neighbors as the Interfaith events. This is across the planned jail, and I, as the imam or priest of my community, think that will not be appropriate to have jail close to one Community center.

Sincerely and respectfully,

Abdullah Polovina

Subject: NORTH AND EAST CITIES REGIONAL MUNICIPAL JAIL EIS Sopin

Dear Ms. Diane Sugimura and people responsible of Municipal Jail Project,

We have recently moved into a house located in the Education Hill neighborhood in Redmond - located at 17366 NE 119 Way, Redmond WA 98052 and a couple of weeks ago heard about the NORTH AND EAST CITIES REGIONAL MUNICIPAL JAIL EIS project.

The reason for this note is to urge you and the people responsible for the project to discard and eliminate the referenced proposed location as a possible site for the new jail facility. The proposed site in unincorporated King County is simply too close for comfort for me and my family.

UNINCORPORATED KING COUNTY - 13225 N.E. 126th Pl.: This site is located east of the Kirkland city limits and north of the Redmond city limits. This site is roughly bounded by N.E. 126th Pl. to the north and 135th Ave. N.E. to the east, and is located north of N.E. 124th St. and east of 132nd Pl. N.E.

As the head of a family with three young kids I am extremely worried when I heard about the jail construction project. I am also speaking on behalf of thousands of young families that are established in this area and that are extremely worried about this location for the project and the consequences particularly in the security and public safety of our families. We live in a safe community that is full of young kids, pre-schools, schools and the impact of this project could be extremely worrisome given the impact it will have in the public safety, economic development and also in the real estate values.

Again, as a neighbor to the proposed location and head of this family I urge you and the people responsible for the project to completely remove / discard this location as a possible site for the new jail facility. In addition, we will be working and following up with our county representative to make our case and follow up closely to ensure our family and economy of our area are protected.

Sincerely,

Maria Victoria Barbenza

Attached please find a completed Scoping Comment Form.

*****A Good Credit Score is 700 or Above. See yours in just 2 easy steps!

(<http://pr.atwola.com/promoclk/100000075x1215855013x1201028747/aol?redir=http://www.freecreditreport.com/pm/default.aspx?sc=668072%26hmpglD=62%26bcd=Decemailto:FooterNO62>)

NEC Municipal Jail Environmental Impact Statement (EIS)

SCOPING COMMENT FORM

Public agencies, affected tribes, organizations, and individuals are invited to submit written comments concerning the scope of the proposed EIS. Comments may address alternatives, environmental issues, impacts, appropriate impact mitigation measures, or the types of permits or approvals that may be necessary.

Please either leave your comment form at the sign-in table or mail them no later than **January 30, 2009** to the address indicated on the reverse side of this form.

Comments may also be scanned and sent via e-mail to: MunicipalJailSEPA@Seattle.gov

Comments:

Please add Population + Housing as well as Recreation as environmental elements to the EIS process since in Shoreline option is in a residential neighborhood and that site is open space used for recreation

Include what uses will be lost should each of the proposed site be developed for a jail.

By providing your name and address, you will be notified of additional comment opportunities.

Subject: proposed jail sites

I would like to suggest that the proposed jail not be sited at the Aldercrest property in Shoreline. I understand that this is the only residential neighborhood to be considered; I think it would make more sense to choose one of the non-residential neighborhoods. It's also very close to a school, which makes me, as a parent, very nervous. Please consider the alternative sites instead.
Thank you very much.

Subject: info requested

Hello,

I am doing looking into various aspects of the proposed Municipal Jail facility in the Seattle-Eastside area. Could you please tell the names and locations (contact #s too if possible) of existing Muni. Jails in the greater Seattle and Puget Sound region. Also, any other resources written or other that would assist me in learning about the impact (pos and neg) of such a facility on surrounding businesses.

Thank you,

Mara Bohman
