City: Shoreline

Please add me to your email reports list.

Name: Sue Arc

City: Bellevue

Having a jail facility in such a close proximity to nice residential areas is not acceptable. Our neighborhood would severely suffer as a result of placing the jail in the Bellevue location. It also undermines everything the City has worked for in the past few years, namely, creating a nice vibrant environment where people feel safe to live, walk and raise families. There are other locations that suit the needs of a jail much better. We can not tolerate having a regional jail in our family-oriented, safe City. this will undermine everthing we have worked for and seriously brings down the whole downtown core and its residential areas. In addition to compromising safety, there will be a tremendous negative economic effect on the City of Bellevue as a whole. Bellevue residents will not stand for this. Please find another place to locate the jail.
