I am a teacher / founder at the Living Wisdom School in Shoreline, Washington. We have just started renting this fall the space at the Aldercrest Learning center directly across from your purposed jail site. This is terrible. This is a park like setting in Shoreline which is used now by residents, youth groups, schools, and families. It is in now way a beneficial place for a jail. The school district has renting to our school as well as to the Discovery school which enables youth from all of the neighboring districts to attend special need classes at the Aldercrest Center. Between both schools we are close to 75 families. This is not a good location. Please consider the children, families and the needs of the city of Lake Forrest park, Mt Lake Terrace and Shoreline. This is not an option for the safety of the community and our children. Chandi Hollimn

I would like to state that I am opposed to this site in shoreline. Where the old elementary school is located is in a residential neighborhood. kids play at the old kellogg across the street....soccer games, etc....I also own a home childcare and am very worried that if the jail is built there, it will deeply harm my business. There is also several bus stops within 1/4 of a block of the proposed site. It would be crazy to build a jail in shoreline.

I think this is a terrible idea. I am completely opposed to having a jail in a neighborhood with a huge population of children, along with many schools. I will do anything to help prevent a jail being built in Shoreline.

I learned today from the Shoreline School District that you are considering the Aldercrest Annex at 2545 NE 200th Street as a potential site for a jail. Please do not consider this the best choice! Many children from different schools use that field for soccer games and so on. This is a community that is well known for its wonderful schools, and overall a great area. I would not like to see it any differently. However, if you put your jail there, then unfortunately I think that people would not feel as safe, and it would impact the families, and the type of people who move here. Shoreline/LFP would be greatly impacted. This building has had many uses. A coop preschool, YMCA, Soccer field, Old Kellogg, and possibly a site for Shorecrest/Shorewood as they are being remodeled! It should stay a community place!
Take your jail somewhere else please.

While I've always believed that we all have to do our share to provide the services that a community needs, situating a jail in the middle of a residential neighborhood, across from a pre-school and park and on property that the community uses for family activities seems ill thought out.
