Name: Christi Hanks

City: Lake Forest Park

Neighborhood: N/A

My home is in a nice cul de sac 2 blocks from the proposed jail site. My neighborhood is extremely concerned about this proposal. The majority of us have children and do not want a jail in our immediate area! We would have never purchased a home in this region if we knew a jail could end up two blocks from our home. It seems absolutely ridiculous that a residential area would even be considered when there are other sites that are NOT residential. We also very concerned how this could affect the appeal/resale of our home! Please consider the ENORMOUS impact you would have on families/neighborhoods in the immediate area and do NOT choose our community as a place to put this facility!!!!!!
