City: Shoreline
Neighborhood: N/A

I don't think the site in Shoreline should NOT be considered at all due to it not being adjacent to "commercial/light industrial and the fact that it is has residential completely surrounding it. A jail needs to be in a place where it won't effect neighborhoods and it would be a huge impact on the 200th street neighborhood. Also it would be placed right across the street from a elementary school. This site should be deleted from the list entirely.

Neighborhood: N/A

I am against siting the jail in the Shoreline neighborhood at "Old Kellogg". Past experiences of siting jails found that the best geographics are industrial and light industrial or very rural. I do not believe that ease of site aquisition should outweigh neighborhood safety.

I grew up in Shoreline attending Brookside, Kellogg, and Shorecrest. My parent's house is located just .3 miles from the site at Aldercrest Annex. I often would walk the family dog there and have played countless numbers of soccer matches. The idea that this very suburban location could house criminals is an absolute outrage. My largest concerns are for the safety of the residents, the increased traffic on the quiet streetswhere children now skate and play with chalk, and the property values that would plummet. I strongly oppose this location and will do everything in my power to assure that this ridiculous proposition does not happen.

The proposed regional jail location at the Aldercrest Annex in Shoreline is unacceptable for many reasons. The most important is that the site is surrounded by residential homes and across the street from a private school. The local streets are small and cannot handle the increased traffic a 600+ bed facility would bring. Safety in the neighborhood is another concern along with plummeting property values for home owners in the area. The negative impact of a jail in this location would affect both the cities of Lake Forest Park and Shoreline. Each of these communities is filled with residents who value their safety and the tranquility of their neighborhoods.
