Do you really think putting a prison by a church in the middle of a residential neighborhood is a choice you can even entertain? How about an industrial area or somewhere away from children at the edge of the county? I would characterize this as a bad option but it doesn't qualify for that stature.

We've had our turn with the misdemeanor jail at Hamlin; let the eastsiders have it for awhile. Additionally, besides the residential, as opposed to commercial, nature of the Kellogg site, it is used by tons of children playing soccer. Nice example for them...

our hole neighborhood is very concerned, and scared , at the thought of a jail placed in the middle of a neighbor hood fill of kids, parks, in home daycares, schools. Across the street from your proposed jail is a children's learning place. A half a block away is a inhome day care center. there is parks that we all walk to with our kids. This neighbor hood is surrounded by children and it is unthinkable that a jail could even be placed here. This sight needs to be removed from your thought and placed in a area that will not impact a entire neighbor hood that is surrounded by and a children friendly area. We all committed to being fully involved in this issue.

Mutually exclusive a residential neighborhood and a jail! I can'tt believe that the city of Shoreline would even consider such a proposal or offer up land for such a use. There must be a suitable location miles elsewhere; away from we live and raise our families.

You have got to be kidding! A jail located in a neighborhood setting near elementary and junior high schools? This idea is beyond ridiculous ...

I would like to comment that I am ADAMENTLY OPPOSED to the proposal that a 640-bed regional misdemeanor jail facility be located at the "Old Kellogg" school. I live two blocks a way from Kellogg and have lived in my home since 1969. It makes no sense to place such a facility in a site surrounded by homes, a school and families. When you drive by you see kids having soccer practice and soccer games, families enjoying the "Old Kellogg" grounds... having a baseball game, playing tennis, flying kites, riding bikes, jogging around the track... I urge you to reconsider this proposal and look for a different site, perhaps in a more rural or industrial area. Families and safety must come first! Thank you.

I would like to say that the proposed regional jail in Lake Forest Park neighborhood is not a proper idea. A jail facility in a community which is full of residential houses, kids, eldly people is not easy to maintain the area's security. Please seriously reconsider this proposal and make it not happen.

I am opposed to the Regional Jail at Old Kellogg. Too closed to public highways, parks and elementary schools. The size would overwhelm the area. This facility belongs in an area not frequented by so many children, hopefully in an out of the way area NOT Shoreline along Hwy 104.

PLEASE do NOT put a jail in a neighborhood where families LIVE! The Aldercrest Annex is a horrible place to put something like that. Our property values are dropping as it is if you put a jail here who will want to live here?!

The proposed jail site at Aldercrest in Lake Forest Park is in the middle of a densely populated neighborhood of single family homes and apartment buildings. It is directly across from a public park with constant use for soccer games, etc. For these reasons, I oppose the use of this site for a municipal jail.
